

PROJECT ARCHITECT

About this Job:

Hayes Design Group Architects (HDG) is seeking a Project Architect who is searching for more professional growth and responsibility. The candidate should be well-organized, creative, a good communicator and able to lead a design team within the office as well as coordinate with Consultants.

Requirements:

- 10+ years of full-time experience in an Architect's office
- Current registration
- Solid technical foundation of how to assemble a set of Construction Documents
- Ability to coordinate a project from Conceptual Design through Construction
- Ability to coordinate and lead a team of design professionals
- Knowledge of REVIT

About HDG:

Hayes Design Group Architects (HDG), established in 1992, is a full service architectural firm offering pre-design services through construction administration services for a wide variety of project types, including educational, religious, government, and commercial projects in the Pittsburgh area, and also in OH, WV, MD, and NY. Celebrating its 25th year of providing excellence in design, the firm's philosophy focuses on providing exceptional client service. HDG fosters a collaborative and design-oriented work environment centered on professional development and offering opportunities for social and community service involvement. HDG is located in Robinson Township, PA, just 8 miles west of downtown Pittsburgh. Additional information can be found on our website at www.hayesdesign.com.

To Apply:

Please submit a cover letter, resume, small sample of Revit work (PDF), and references to: architects@hayesdesign.com. The cover letter should include a brief explanation of why the candidate is interested in the position, and how the candidate meets or exceeds the Job Requirements above (but the cover letter is NOT to be more than two pages in length).
